**Alpha Corporation Awarded A/E and CM Contracts by the
Metropolitan Washington Airports Authority**

DULLES, VA – Alpha Corporation has been awarded two contracts with the Metropolitan Washington Airports Authority (MWAA). Both contracts are multi-year, task order type contracts, one to provide A/E services and the other to provide CM and Engineering services.

The A/E Services Contract will be in support of the Authority's Capital Operating, Maintenance and Investment Program (COMIP) at both Ronald Reagan Washington National and Washington Dulles International Airports. Assignments may include multi-discipline design for both airside and landside facility and infrastructure projects of varying sizes and complexities. The CM and Engineering Services Contract will be in support of the Authority's Dulles Toll Road Improvement Program and may involve design and engineering management, construction management, contracts administration, operations management, and specialized consulting for various types of assignments. Project assignments may involve roadways, bridges, sound walls, toll collection systems, communications systems, support facilities, etc.

We are excited for the opportunity to continue to serve the Authority through these contracts and are proud of the fact that these contracts will maintain our 20-year plus history of continuous service to the Authority.

Alpha Corporation is a full-service consulting firm offering a wide array of program/construction management, engineering and project controls services to a broad spectrum of clients, including government agencies, municipalities, institutions, private enterprises, developers and contractors. The firm's diverse team includes professional engineers, program and construction managers, cost estimators, schedulers and risk managers delivering practical, cost-effective, and sustainable solutions to our clients' needs. Our hands-on experience encompasses the entire realm of project development and delivery: planning, design, construction, commissioning, operations and maintenance for building, transportation, civil infrastructure, and utility/energy projects. Alpha Corporation has been recognized nationally by ACEC for Engineering Excellence and it is ranked one of the Top 100 PM/CM firms in the U.S. by the *Engineering News Record*. The firm is headquartered in Dulles, Virginia and maintains multiple regional offices in the U.S. as well as three additional international offices - Bogota, Colombia; Jeddah, Kingdom of Saudi Arabia; and Oxford, United Kingdom.
