**Alpha Corporation Wins VDOT Contract for
Structural Condition Inspections**

DULLES, VA – The Virginia Department of Transportation (VDOT) has selected Alpha Corporation to provide professional engineering services, on a districtwide basis, for structural condition inspections of support structures for traffic devices in the Northern Virginia District. The contract duration may be up to four years with a total value of \$12,000,000.

This is Alpha's second contract in the District providing structural condition inspection services and follows a distinguished performance under the previous contract. The contract will involve inspection of over 11,000 traffic and ancillary structures including signal support structures, overhead span sign structures, bridge mounted sign structures, high mast lighting structures, luminaries and miscellaneous structures, such as, but not limited to, closed circuit TV structures. Many of these structures are within busy traffic corridors including I-495, I-95, I-66, Rt. 50, etc.

Alpha Corporation is a full-service consulting firm offering a wide array of program/construction management, engineering and project controls services to a broad spectrum of clients, including government agencies, municipalities, institutions, private enterprises, developers and contractors. The firm's diverse team includes professional engineers, program and construction managers, cost estimators, schedulers and risk managers delivering practical, cost-effective, and sustainable solutions to our clients' needs. Our hands-on experience encompasses the entire realm of project development and delivery: planning, design, construction, commissioning, operations and maintenance for building, transportation, civil infrastructure, and utility/energy projects. Alpha Corporation is ranked one of the Top 100 PM/CM firms in the U.S. by the *Engineering News Record*. The firm is headquartered in Dulles, Virginia and maintains multiple regional offices in the U.S. as well as four additional international offices - Bogota, Colombia; Jeddah, Kingdom of Saudi Arabia; and Oxford, United Kingdom.
